

Kalberer Emergent Tower

Only a short walk from Visitors Center

202 steps up to the top.

A view from high above the forest canopy.

I can see Lake Erie on a clear day from the top!

I am going
to the tower today,
I should wear
comfortable shoes!

I should ask
if I need noise
cancelling headphones
or a break!

I must be
on my best behavior
by following the rules.

I will walk on the right side of the stairs to keep out of people's way.

I can learn
how trees use oxygen
while climbing up.

I can use
hand sanitizer to
stay free from germs!

If I'm tired,
I can take a quick rest
on a bench.

I made it to the top.
This is the height of
3 school buses!

Holden Arboretum staff
wear logo shirts
and nametags.
They can help me!

I wave goodbye
to the tower and
remember how
high up I was!

I should watch my step while going down the stairs.

Knowing what to expect made my trip to the Emergent Tower fun and easy!
