About Us:
Northern Ohio Watershed Corps (NOWCorps) is a State and National AmeriCorps program, funded by AmeriCorps and ServeOhio, Ohio’s Commission on Service and Volunteerism. This is a paid service year position. The NOWCorps program is sponsored by Tinker’s Creek Watershed Partners (TCWP), a non-profit, 501(c)(3) watershed organization, whose mission is to protect and restore water quality and habitats of the Tinker’s Creek watershed through community partnerships. NOWCorps partners with watershed groups, soil and water conservation districts, city and county government offices, and other conservation nonprofits who serve as host sites for our members. Through the host site, members facilitate outreach, education, capacity building, environmental stewardship, and stormwater management. NOWCorps position descriptions vary depending on the host site and service year focus and prospective members may apply to multiple NOWCorps positions at the same time.

Together with our partners, Holden Forests & Gardens (HF&G) recognizes the importance of maintaining water quality throughout Northern Ohio. We also believe in educating the public and regional leaders to support behavioral changes that positively affect our water resources.
